

**One Day Conference on**

# **“Electric Vehicles- Sustainable Transformation of Indian Mobility”**

**on**

**Dec 22nd, 2018 at Hall No. 7, Pragati Maidan, New Delhi**

***Concurrent with***

## BACKGROUND

India is a developing country which majorly depends on fossil fuels for meeting transportation requirements. At the Compound Annual Growth Rate of 10%, India is adding a huge number of vehicles every year. To run these vehicles we need large volumes of petrol and diesel. These vehicles are congesting our limited roads making it unsafe. Due to this large number of road related accidents and deaths are reported every year in India. Current practices in mobility are unsustainable, polluting and seen as one of the major hindrance in reducing greenhouse gas emission. Apart from this, it has also negative impact on human health directly and the magnitude of that impact is still unquantifiable in absolute terms. Government of India has envisioned transforming its existing fossil based mobility to Smart & Electric based.

Mobility plays a significant role in the development of a Nation. As India grows further, mobility in India will also grow exponentially contributing to the development. With development this will also bring challenges which needs to be tackled with innovative ideas & solutions. India

would need to switch from the conventional mobility to smart, efficient and environmentally sustainable means of transport. Government of India has envisioned transforming its existing mobility by 100% to EV by 2030. Several significant steps have been taken in this regard by GoI and a report from Niti Aayog & RMI suggests that India is expected to save up to 64% of anticipated passenger mobility-related energy demand and 37% of carbon emissions in 2030 by pursuing a shared, electric, and connected mobility future. This would also result in an annual diesel and petrol reduction of 156 million tonnes of oil equivalent resulting in huge cost saving for India.

## CONFERENCE

To accelerate the growth of this development and contribute to it, Indian Federation of Green Energy is organizing a one day conference on “Electric Vehicles- Sustainable Transformation of Indian Mobility” on Dec 22nd, 2018 at Pragati Maidan, New Delhi. This conference is being organized in association with EVEXPO, 2018- An Electric Vehicle Exposition and Central Institute of Road Transport. The Conference on “Electric Vehicles- Sustainable Transformation of Indian Mobility” will act as a platform for knowledge sharing and highlighting best practices for Sustainable Transformation of Indian Mobility and also networking amongst entrepreneurs, technology providers, suppliers, battery manufacturers, government agencies, funding agencies, industry associations, etc. to promote the Sustainable Transportation across the country.

## PURPOSE OF THE CONFERENCE/ EXPECTED OUTCOMES

1. Highlight major Policy, Regulatory and Financing issues of the industry to Policy makers and the Government of India
2. Support from the Government to EV manufacturers & suppliers
3. Deliberate on Available Technology and Advancement for future
4. Current Market Structure and Business Opportunity in EV

We welcome you to join us in the one day conference for discussions and deliberations to find out ways ahead for

existing challenges in the Electric Vehicle Sector in India. Partners can contribute by their unique expertise and perspective shaping the future of mobility, in the direction of ending poverty and building shared prosperity.

## STRUCTURE OF THE CONFERENCE:

1. Inaugural Session
2. Policy, Regulatory and Financing aspects seeking to the EV industry
3. Assessment of current available technology and its' future advancement
4. Market structure and its' business potential

### TARGET AUDIENCE:

- EV manufacturers, suppliers & users
- Battery manufacturers,
- Charging infrastructure developers,
- Power service providers
- Institutions and R & D centres
- Entrepreneurs
- Financial institutions
- Policymakers and regulators from Govt.
- Technology providers
- Academic Institutes & Consulting firms
- Automobile manufacturers, dealers etc.
- Relevant Ministries & government agencies
- Private Organisations, NGO, Social Contributors, Industry Association etc.

VENUE : Hall No.7, Pragati Maidan, New Delhi, India

### SPONSORSHIP OPPORTUNITY:

The Conference will provide an excellent opportunity for knowledge sharing & dissemination, business tie ups, networking etc. with other participating organizations, industry partners, academic institutions, government agencies, and other key stakeholders.

We welcome national & international organizations, academic institutions, financial institutions, industries involved with e-mobility domain, to join as partner/sponsor. Partners will enjoy a range of benefits outlined below.

#### Benefit to Sponsors

- A forum to meet and network with key policymakers, manufacturers, component suppliers, financing institutes, think-tanks organizations, other relevant stakeholders etc.
- Peer learning from agencies/industries active in India/or have an interest in India, along with an opportunity to identify and work on areas of common interest (IFGE shall facilitate partnerships beyond the conference as needed and desired by a concerned stakeholders with special focus on entrepreneurial growth in the sector)
- Brand recognition and promotion providing opportunity to grow your business

Category	Benefits	Contributions
Title Sponsor	<ul style="list-style-type: none"> <li>• On Request</li> </ul>	On Request
Platinum Sponsor	<ul style="list-style-type: none"> <li>• Logo to be displayed as Platinum Sponsor</li> <li>• Branding on all communication elements and displays</li> <li>• Slot of 5 min for video presentation</li> <li>• Allowed to display your 2 publications or 2 other branding materials on the registration desk</li> <li>• 6 complimentary invitations</li> </ul>	Rs 5,00,000
Gold Sponsor	<ul style="list-style-type: none"> <li>• Logo to be displayed as Gold Sponsor</li> <li>• Branding on all communication elements and displays</li> <li>• Allowed to display 2 standee's in the ceremony hall / entrance of the hall</li> <li>• 4 complimentary invitations</li> </ul>	Rs 3,00,000
Silver Sponsor	<ul style="list-style-type: none"> <li>• Logo to be displayed as Silver Sponsor</li> <li>• Branding on all communication elements and displays</li> <li>• 3 complimentary invitations</li> </ul>	Rs 2,00,000

### EVEXPO, 2018

EVEXPO,2018- An Electric Vehicle Exposition, is the only expo dedicated to electric vehicle industry in India, brings to the Electric Vehicle industry the opportunity to showcase, see and understand the latest in electric vehicle, Components and Services for convenient and

environment friendly transportation of passengers and goods. The expo ensures that the right national and international players exhibit their technology and products to the right audience. More than 100 exhibitors have already confirmed to exhibit their products and 30,000 plus visitors are expected to be the part of this 3 day expo.

## ORGANIZERS

### IFGE

Indian Federation of Green Energy (IFGE) is an umbrella organization which represents the interests of the national renewable energy sector in its totality – bio energy, Biofuels, solar, wind, hydro, tidal, geothermal etc. The Federation focuses in the area of Green Energy with the mission of promoting sustainable energy in every sector of economic development. IFGE is a non-government, not-for-profit organization dedicated to playing a proactive role in the promotion of green energy in India. For more details please see the attached brochure & visit our website [www.ifge.org.in](http://www.ifge.org.in).

### CIRT

The Central Institute of Road Transport (CIRT) was established in 1967 on the joint initiative of the Ministry of Shipping & Transport & the Association of State Road Transport Undertakings. CIRT is committed to improving the efficiency & productivity of the transport sector, with particular emphasis on the STU. In addition, the Institute undertakes consultancy and research assignments on transport policy, transportation planning, traffic management, maintenance management, materials management, human resource management and management information systems.

### REGISTRATION FEE\*

One Delegate	Rs. 1500.00
Two Delegate	Rs. 2500.00
Above two Delegate- per Delegate	Rs. 1000.00
IFGE Members	Rs. 1000.00

\*GST Applicable

#### **PAYMENT DETAILS:**

Mode of Payment:  
Cheque/DD/RTGS In Favour Of  
"Indian Federation Of Green Energy"  
Pan: AADCI7726D/Tan - DELI10952E

#### **WIRE TRANSFER DETAILS:**

Bank Name: Yes Bank Limited,  
Account No.: 013681400001112; RTGS/IFSC: YESB0000136  
Address: Ground And Mezzanine Floor,  
56, Janpath, Alps Bldg, Next To Pizza Hut,  
Connaught Place, Delhi-110001

#### **ORGANISER CONTACT INFORMATION:**

### **Indian Federation of Green Energy**

14 C, Block E, Lower Ground Floor, Sec - 8, Noida - 201301, Uttar Pradesh
