India Green Energy Awards, 2023

India Green Energy Award is an initiative of IFGE to recognize & highlight the impact & importance of Green Energy for the future of mankind. To emphasize on further streamlining & developing frameworks and to structure the mechanisms for increased sense of responsibility, we must encourage ongoing practices of appreciating the innovation and quality and to involve more participation in the green initiatives, from not only the large-scale project owners/companies, but also the small and medium players. Indian Federation of Green Energy (IFGE) is glad to announce its **Fourth Edition** of flagship award **India Green Energy Awards, 2023** supported by the **Ministry of New and Renewable Energy, Ministry of Road Transport and Highways & Mission LiFE, Ministry of Environment, Forest and Climate Change, Government of India**. The award ceremony will be held at New Delhi. The last date of submitting nomination form is **November 25, 2023**.

Indian Federation of Green Energy (IFGE)

IFGE being an Industry organization focuses in the area of Green Energy with the mission of promoting sustainable energy in every sector of economic development. We believe in delivering an integrated approach for establishing a sustainable energy ecosystem by working with all stakeholders across sectors, states and nation.

Knowledge Partner

CARE Ratings will be the knowledge partner and their role will be to guide the organizers in terms of developing the selection criteria, questionnaire and also to do the scrutiny of applications. The Knowledge Partner will work under the guidance of Jury Members. CARE Ratings undertakes rating exercise based on information provided by the company, in-house database and data from other sources that CARE Ratings considers reliable. CARE Ratings Ltd (Formerly known as Credit Analysis & Research Ltd.) commenced operations in April, 1993 and in over 26 years, has established itself as the second-largest credit rating agency in India in terms of rating income. With the rating volume of debt of around INR. 92 lakh crores (as on March 31, 2017), CARE Ratings is proud of its rightful place in the Indian capital market built around investor confidence. CARE Ratings has also emerged as the leading agency for covering many rating segments like that for banks, sub-sovereigns and IPO grading. CARE Ratings provides the entire spectrum of credit rating that helps the Corporates to raise capital for their various requirements and assists the investors to form an informed investment decision based on the credit risk and their own risk-return expectations. Our rating and grading service offerings leverage our domain and analytical expertise backed by the methodologies congruent with the international best practices
